Dear Rachel,

Thank you for your continued campaigning and correspondence with my office regarding Audlem postal services. This is an important issue and as you are aware, my team and I have been liaising with Royal Mail to represent the concerns of constituents.

As I understand it, the Communications Workers Union has agreed to the most recent proposals set out by Royal Mail and that due to the new preference service, there will be some changes to current assignments.

From my discussions with Royal Mail representatives, I was proud to hear that Audlem is one of the first communities they are aware of, which has set up an organised campaign and website to show appreciation for their postmen and postwomen. I am sure you will agree with me that representing this community is a privilege.

For your information, I enclose the most recent letter I have received from Royal Mail. I have requested regular updates on this situation and will keep you and local residents informed as I understand more. You are welcome to share this letter with your residents.

Thank you again for taking the time to contact me.

Kindest regards,  
Edward
