**Scores are derived from the Value Management of Highway Structures Strategy developed through the London Bridges Engineering Group and Transport for London Good Practice Guide for Risk-based Prioritisation & Value for Money November 2018.**

**Please note: The anticipated programme is based on indicative costs for each site and while we make every effort to keep to this programme it can be subject to change to keep within the available budget. Changes can result following detailed site surveys or from unforeseen issues that arise.**

**Examples of unforeseen issues include adverse weather, material prices, unexpected site-specific challenges, diversion of resources to repair the highway following road traffic collisions etc.**

## **Flood Drainage Programme – Major Works 2023-2024**

<b>Road Name</b>	<b>Ward</b>	<b>Treatment/Activity</b>	<b>Location</b>
Nantwich Road	Bunbury	Drainage Scheme – Phase 2	Near Station Road
Hough Lane	Wilmslow East	Pipework to be reinstated beneath Highway	Near Heyes Lane
London Road	Wynbunbury	Flood mitigation investigation & works	Near Garden Centre

## **Highway Drainage Programme – Major Works 2023-2024**

<b>Road Name</b>	<b>Ward</b>	<b>Treatment/Activity</b>	<b>Location</b>
London Road South	Poynton East and Pott Shrigley	Highway Drainage Scheme	Shared Space Scheme
Station Road	Wrenbury	Highway Drainage Investigation & scheme	Station Road
Pendleton Way	Wilmslow East	Highway Drainage scheme	Pumping Station

**Please note: The anticipated programme is based on indicative costs for each site and while we make every effort to keep to this programme it can be subject to change to keep within the available budget. Changes can result following detailed site surveys or from unforeseen issues that arise.**

**Examples of unforeseen issues include adverse weather, material prices, unexpected site-specific challenges, diversion of resources to repair the highway following road traffic collisions etc.**

**There is a combination of investigations and schemes. Where investigations take place, there may be a requirement for collaboration with 3<sup>rd</sup> parties before a scheme can be designed and progressed.**

**The scheme lists will be subject to reprioritisation within years, in response to storm events. Reprioritised lists will be made available as appropriate.**

## **Road Repair Programme 2023-2024 – Surface Treatments**

### **Surface Dressing**

<b>Road Name</b>	<b>Ward</b>	<b>Treatment /Activity</b>	<b>Location</b>
Dog Lane	Brereton Rural	Surface Dressing	Holmes Chapel Road to Bluebell Road
Knutsford Road	Wilmslow West and Chorley/ Alderley Edge/Mobberley	Surface Dressing	Roundabout to Newton Hall Lane
Mow Lane	Odd Rode	Surface Dressing	Fence Lane to Boundary
London Road North	Poynton West and Adlington	Surface Dressing	Shared Space Scheme to County Boundary
Wrexham Road	Wrenbury	Surface Dressing	Cuckoo Lane to Kidderton Lane
Woodford Road	Poynton West and Adlington	Surface Dressing	A5149 to County Boundary
Plumley Moor Road	Chelford	Surface Dressing	Full Extent

### **Resurfacing**

<b>Road Name</b>	<b>Ward</b>	<b>Treatment Activity</b>	<b>Location</b>
Fields Road	Alsager	Resurfacing	Full Extent
Dane Street	Congleton West	Resurfacing	Full Extent
Meadow Croft	Alsager	Resurfacing	Full Extent
London Road North	Poynton West and Adlington	Resurfacing	Poynton Shared Space Scheme
Wettenhall Road	Bunbury	Resurfacing	Before bend of Cinder Lane to Milestone Lane
Station Road	Wrenbury	Resurfacing	To be assessed with drainage works
London Road South	Poynton East and Pott Shrigley	Resurfacing	Poynton Shared Space Scheme
Chester Road	Poynton West and Adlington	Resurfacing	Poynton Shared Space Scheme

### **Reconstruction**

<b>Road Name</b>	<b>Ward</b>	<b>Treatment/Activity</b>	<b>Location</b>
Wirswall Road	Wrenbury	Reconstruction	To be assessed

## Skid Resistance

The schemes below have been identified through the councils skid resistance strategy for Investigation/and may require treatments to be applied where there is a risk of wet road skidding.

Road Name	Ward	Treatment/Activity	Location
Alderley Road	Wilmslow East	Investigation / Surface Treatment	Grove Street to Station Road
Buxton Road	Gawsworth	Investigation / Surface Treatment	Congleton Boundary to Station Road
Buxton Road	Gawsworth	Investigation / Surface Treatment	London Road to Urban Boundary
Buxton Road	Gawsworth	Investigation / Surface Treatment	Reservoir Road to Minn End Lane
Buxton Road	Gawsworth	Investigation / Surface Treatment	Station Road to London Road
Buxton Road	Congleton East	Investigation / Surface Treatment	Brook Street to Middle Lane
Chelford Road	Knutsford	Investigation / Surface Treatment	Chelford Road to Goughs Lane Roundabout
Weston Gate Roundabout	Haslington	Investigation / Surface Treatment	Roundabout and approaches
Crewe Road	Wistaston/Crewe South	Investigation / Surface Treatment	Laidon Drive to Manor Avenue
Flash Lane Roundabout	Prestbury	Investigation / Surface Treatment	Roundabout and approaches
Heybridge Lane	Prestbury	Investigation / Surface Treatment	Manchester Road to Prestbury Lane
Holmes Chapel Road	Chelford	Investigation / Surface Treatment	Holmes Chapel Road to Chelford Roundabout
King Edward Road	Knutsford	Investigation / Surface Treatment	Toft Road to Manchester Road Roundabout
Liverpool Road East	Odd Rode	Investigation / Surface Treatment	Crossroads between Liverpool Road West and East
Liverpool Road West	Odd Rode	Investigation / Surface Treatment	Congleton Road South to Church Lane
Liverpool Road West	Odd Rode	Investigation / Surface Treatment	Church Lane to Linley Lane
Macclesfield Road	Dane Valley	Investigation / Surface Treatment	Manor Lane to Twemlow Lane
Macclesfield Road	Dane Valley	Investigation / Surface Treatment	London Road to Macclesfield Road

Road Name	Ward	Treatment/Activity	Location
Macclesfield Road	Dane Valley	Investigation / Surface Treatment	Bomish Lane to Holmes Chapel Road
Manchester Road	Knutsford	Investigation / Surface Treatment	Urban Boundary to Mereside Road
Manchester Road	Wilmslow East	Investigation / Surface Treatment	Station Road to Manchester Road Roundabout
Mill Street	Crewe South	Investigation / Surface Treatment	South Street to Oak Street Roundabout
Nantwich Road	Crewe South	Investigation / Surface Treatment	Smallman Road to Mill Street
Nantwich Road	Crewe East	Investigation / Surface Treatment	Mill Street to Nantwich Road Roundabout
Newcastle Road South	Brereton Rural	Investigation / Surface Treatment	Newcastle Road North to Holmes Chapel Road
Rood Hill Roundabout	Congleton West	Investigation / Surface Treatment	Roundabout and approaches
Shrewbridge Road	Nantwich South and Stapeley	Investigation / Surface Treatment	Shrewbridge Road to Park Road
West Road	Congleton West	Investigation / Surface Treatment	A54 Holmes Chapel Rd to West Road Roundabout
West Road Roundabout	Congleton West	Investigation / Surface Treatment	Roundabout and approaches
Whitchurch Road	Wrenbury	Investigation / Surface Treatment	Ridley Link Road to Whitchurch Road
Whitchurch Road	Wrenbury	Investigation / Surface Treatment	Wrexham Road to Whitchurch Road
Wrexham Road	Wrenbury	Investigation / Surface Treatment	Long Lane to Cuckoo Lane
Chelford Road	Dane Valley	Investigation / Surface Treatment	Macclesfield Road to Congleton Area Boundary
Haslington Roundabout	Sandbach Ettiley Heath and Wheellock	Investigation / Surface Treatment	Roundabout and approaches
Park Road	Nantwich South and Stapeley	Investigation / Surface Treatment	Shrewbridge Road to Audlem Road
Whitehall Brook Roundabout	Alderley Edge	Investigation / Surface Treatment	Full Extent
Whitchurch Road	Wrenbury	Investigation / Surface Treatment	Ridley Link Road to Peckforton Hall Lane
Crewe Road	Wistaston	Investigation / Surface Treatment	Junction of garage to Manor Avenue

**Please Note: The anticipated programme is based on indicative treatment types for each site and while we make every effort to keep to this programme, it can be subject to change to keep within the available budget.**

**Changes can result from the selection of a different treatment type following detailed site surveys and core samples of existing road construction or from unforeseen issues that arise.**

**Examples of unforeseen issues include adverse weather, material prices, unexpected site-specific challenges, diversion of resources to repair the highway following road traffic collisions etc.**

Trafford Road	Alderley Edge	Micro Patching	Mottram Road to Macclesfield Road

**Please Note: The anticipated programme is based on indicative treatment types for each site and while we make every effort to keep to this programme, it can be subject to change to keep within the available budget.**

**Changes can result from the selection of a different treatment type following detailed site surveys and core samples of existing road construction or from unforeseen issues that arise.**

**Examples of unforeseen issues include adverse weather, material prices, unexpected site-specific challenges, diversion of resources to repair the highway following road traffic collisions etc.**

To go back to contents page, click on the ***link***.

## **Road Marking Improvement Programme – 2023-24**

<b>Road Name</b>	<b>Ward</b>	<b>Treatment/Activity</b>	<b>Location</b>
Manchester Road	Wilmslow East	Patching/Road Lining	Swan Street to Mill Street
Dean Row Road	Wilmslow Dean Row	Patching/Road Lining	From Adlington Roundabout to Handford Roundabout
King Edward Road	Knutsford	Patching/Road Lining	Full Extent
Mill Lane	Prestbury/Poynton West and Adlington	Patching/Road Lining	Brookledge Lane to Bonis Hall Lane
Borough Wide	Borough Wide	Patching/Junction Lining	Various Locations

**Please note: The anticipated programme is based on indicative costs for each site and while we make every effort to keep to this programme it can be subject to change to keep within the available budget. Changes can result following detailed site surveys or from unforeseen issues that arise.**

**Examples of unforeseen issues include adverse weather, material prices, unexpected site-specific challenges, diversion of resources to repair the highway following road traffic collisions etc.**

To go back to contents page, click on the ***link***.

## Road Safety Improvement Programme 2023-2024

Road Name	Ward	Treatment/Activity	Location
Adlington Road/ Hough Lane	Wilmsow East	New mini roundabout	Roundabout at junction with Macclesfield Road
Knutsford Road	Dane Valley	Enhance signs/markings, visibility, refuge	New Platt Lane to Goostrey Lane

## Road Safety Management and Development

Following the approval of the speed management strategy, work was programmed to identify a programme of route reviews based on collision analysis and other factors contained in the new strategy. Collision data for 'A' and 'B'-class roads were interrogated to produce the annual routes experiencing higher number of collisions and severity.

Road Name	Ward	Treatment/Activity	Location
Whitchurch Road	Wrenbury	Route Review	North of Wrexham Road to Badcock's Lane
Wrexham Road	Wrenbury	Route Review	West of Kidderton Lane past the anti skid

## Vulnerable Road User schemes

These are sites or short route lengths that exhibit higher rates of pedestrian, cyclists, motorcyclists or horse riders.

Road Name	Ward	Treatment/Activity	Location/
Badger Avenue/Broad Street	Crewe North & Crewe Central	Improvements for vulnerable road users	To be assessed

**Please note: The anticipated programme is based on indicative costs for each site and while we make every effort to keep to this programme it can be subject to change to keep within the available budget. Changes can result following detailed site surveys or from unforeseen issues that arise.**

**Examples of unforeseen issues include adverse weather, material prices, unexpected site-specific challenges, diversion of resources to repair the highway following road traffic collisions etc.**

To go back to contents page, click on the ***link***.

## **Safety Barrier Improvement Programme 2023-2024**

<b>Road Name</b>	<b>Ward</b>	<b>Treatment/Activity</b>	<b>Location</b>
Buxton New Road	Macclesfield East/Sutton	Barrier Repairs	Between Ankers Lane and Boundary
Leek Road	Gawsworth	Barrier Repairs	Near Mallard Crest
Harden Park Roundabout	Alderley edge	Barrier Repairs	Side of Whitehall Bridge roundabout
MacLean Way	Wilmslow Dean Row	Barrier Repairs	Side of Bollin Valley roundabout

**Please note: The anticipated programme is based on indicative costs for each site and while we make every effort to keep to this programme it can be subject to change to keep within the available budget. Changes can result following detailed site surveys or from unforeseen issues that arise.**

**Examples of unforeseen issues include adverse weather, material prices, unexpected site-specific challenges, diversion of resources to repair the highway following road traffic collisions etc.**

## **Sustainable Travel Enhancement Programme (STEP) – 2023/24**

### **Active Travel**

#### **Stage 1 - Feasibility Study**

<b>Road Name</b>	<b>Ward</b>	<b>Treatment/Activity</b>	<b>Location</b>
Holmes Chapel Road	Chelford	Feasibility Report to determine suitable route to Radbroke Hall	Leycester Road to Radbroke Hall
Holmes Chapel Road	Knutsford	Feasibility Report to determine suitable route to Ladbroke Hall	Leycester Road to Radbroke Hall
The Silk Road	Macclesfield Hurdsfield	Feasibility Report to improve crossing for pedestrians and cyclists	Brocklehurst Way to Hulley Road
Lewin Street	Middlewich	Feasibility Report to improve crossing for pedestrians and cyclists	St Michael's Way to junction at Brooks Lane
Newcastle Road North	Brereton Rural	Feasibility Report to improve crossing for pedestrians and cyclists	Back Lane to Newcastle Road South
Wheelock Rail Trail	Sandbach Ettiley Heath and Wheelock	Feasibility Report to improve crossing for pedestrians and cyclists	A534 crossing
Wheelock Rail Trail	Sandbach Heath and East	Feasibility Report to improve crossing for pedestrians and cyclists	A534 crossing
Macclesfield Canal	Congleton East	Feasibility Report to determine improved access and facilities linked to canal network	Lamberts Lane, Congleton to Grimshaw Lane, Bollington

Road Name	Ward	Treatment/Activity	Location
Macclesfield Canal	Gawsworth	Feasibility Report to determine improved access and facilities linked to canal network	Lamberts Lane, Congleton to Grimshaw Lane, Bollington
Macclesfield Canal	Sutton	Feasibility Report to determine improved access and facilities linked to canal network	Lamberts Lane, Congleton to Grimshaw Lane, Bollington
Macclesfield Canal	Macclesfield South	Feasibility Report to determine improved access and facilities linked to canal network	Lamberts Lane, Congleton to Grimshaw Lane, Bollington

### **Stage 2 - Design**

Road Name	Ward	Treatment/Activity	Location
Clayton Bypass	Congleton West	Improved facilities for pedestrians and cyclists	Tesco roundabout to Forge Lane
Vernon Way	Crewe Central	Improved facilities for pedestrians and cyclists	Signalised crossing south of Earle Street Roundabout, north along Vernon Way via Market Street to Badger Avenue at Broad Street
Vernon Way	Crewe North	Improved facilities for pedestrians and cyclists	Signalised crossing south of Earle Street Roundabout, north along Vernon Way via Market Street to Badger Avenue at Broad Street
Ayrshire Way	Congleton East	Improved crossing for pedestrians and cyclists	From car park entrance to junction with Park Lane
Park Lane	Congleton East	Improved crossing for pedestrians and cyclists	From Park Lane car park entrance to approx 20m North of Sefton Avenue
Park Lane	Congleton East	Improved crossing for pedestrians and cyclists	From station underpass, passing Queen's Head pub to junction with Park Lane
Altrincham Road	Wilmslow West and Chorley	Improved crossing for pedestrians and cyclists	Immediately south of Water's Roundabout

Road Name	Ward	Treatment/Activity	Location
Gas Road	Macclesfield Central	Improved facilities for pedestrians and cyclists	Silk Road underpass at northern end of Gas Road
Thorp Street	Macclesfield Central	Improved facilities for pedestrians and cyclists	Southern end of Thorp Street and its junction with Commercial Road and the Silk Road underpass
Riverside Park	Broken Cross and Upton	Landowner discussions and legal agreements	Riverside Park
Middlewood Way zig-zag ramp	Bollington	Landowner discussions for replacement structure	Middlewood Way zig-zag ramp
Station Road	Handforth	Improved facilities for pedestrians and cyclists	Station Road from junction at Old Road to Church Road
Congleton Road	Chelford	Improved facilities for pedestrians and cyclists	South of Melrose Way roundabout to signalised junction at entrance to Alderley Park

### **Stage 3 - Construction**

Road Name	Ward	Treatment/Activity	Location
Manchester Road	Macclesfield Tytherington	Improved facilities for pedestrians and cyclists - SUBJECT TO EXTERNAL FUNDNG	Brocklehurst Way south to signalised crossing outside Tytherington School
Manchester Road	Wilmslow East	Improved facilities for pedestrians and cyclists - SUBJECT TO EXTERNAL FUNDNG	Station Road, Church Street, Cliff Road, Styal Road to Manchester Road at the junction of Station Road, Handforth
Manchester Road	Wilmslow Lacey Green	Improved facilities for pedestrians and cyclists - SUBJECT TO EXTERNAL FUNDNG	Station Road, Church Street, Cliff Road, Styal Road to Manchester Road at the junction of Station Road, Handforth
Manchester Road	Handforth	Improved facilities for pedestrians and cyclists - SUBJECT TO EXTERNAL FUNDNG	Station Road, Church Street, Cliff Road, Styal Road to Manchester Road at the junction of Station Road, Handforth

<b>Road Name</b>	<b>Ward</b>	<b>Treatment/Activity</b>	<b>Location</b>
Hurdsfield Road/Black Lane	Macclesfield Hurdsfield	Improved facilities for pedestrians and cyclists - SUBJECT TO EXTERNAL FUNDNG	Tesco exit, Black Lane, west on Hurdsfield Road towards Ansa depot, linking back into shared path at side of River Bollin
Victoria Street	Crewe Central	Additional signage to support cycling in town centre	Victoria Street
Queensway	Crewe Central	Additional signage to support cycling in town centre	Queensway
Market Street	Crewe Central	Additional signage to support cycling in town centre	Market Street
Market Square	Crewe Central	Additional signage to support cycling in town centre	Market Square
Earle Street	Crewe Central	Additional signage to support cycling in town centre	Earle Street
Bridge Street	Congleton West	Additional signage to support cycling in town centre	from junction with Market Street to Swan Bank
Little Street	Congleton West	Additional signage to support cycling in town centre	from junction with Bridge Street to Wagg Street

## Sustainable Modes of Travel to Schools (SMOTS)

### Stage 1 - Feasibility Study

Road Name	Ward	Location	Treatment/Activity
Eaton Bank	Congleton West	Entrance to school site southwards to car park exit on Eaton Bank	Feasibility report to improve facilities for pedestrians
Platt Avenue	Sandbach Town	Near entrance to Sandbach High School	Feasibility report to improved facilities for pedestrians
Ullswater Road	Congleton West	Near Quinta Primary School	Feasibility report to improve facilities for pedestrians

### Stage 2 – Design

Road Name	Ward	Location	Treatment/Activity
Ivy Road	Macclesfield West and Ivy	Directly outside school	Improved facilities for pedestrians
Lodge Road	Alsager	Junction of Lodge Road and Sandbach Road North	Improved facilities for pedestrians
Coronation Street	Crewe East	Temporary buildout on Coronation Street south of William Way	Improved facilities for pedestrians and cyclists
Barlow Road	Wilmslow Lacey Green	Barlow Road and Holly Bank Road from Twinnies Road	Improved facilities for pedestrians and cyclists

### Stage 3 – Construction

Road Name	Ward	Location	Treatment/Activity
Wilmslow Road	Alderley Edge	Brook Lane junction	Improved facilities for pedestrians and cyclists
Ivy Road	Macclesfield West and Ivy	Directly outside school	Improved facilities for pedestrians
Rope Lane	Willaston and Rope	At signalised crossing over railway bridge	Improved facilities for cyclists
Main Road, Goostrey	Dane Valley	Directly opposite school site on Main Road	Improved facilities for pedestrians

## Public Transport Infrastructure

Road Name	Ward	Treatment/Activity	Location
Congleton Road	Sandbach Heath and East	New hardstanding areas	Opposite Chimneys Hotel
Park Lane	Macclesfield Central	Increase footway width and new bus shelter	Park Lane
Earl Road	Handforth	Install new pole, flag and frame	Earl Road/Countess Avenue/Handforth Industrial Park
Betchton Road	Sandbach	Install new 2 bay shelter	Betchton Road/Hassall Green
Between Crewe & Macclesfield along the Service 38 Corridor	Various	Replace existing various flag vinyl at bus stops	Between Crewe & Macclesfield along the Arriva Commercial Service 38 Corridor
Various Roads	Bollington	Replace existing worn/ faded flags	Bollington Area
Macclesfield Hospital	Macclesfield	New bench seat within existing shelter	Macclesfield Hospital
Biddulph Road/ Roseville Drive, Congleton	Congleton	Replace existing shelter with new 2 bay shelter.	Biddulph Road/ Roseville Drive
Broomedge, Agden and Little Bollington	Various	Install new pole, flag and frame	Broomedge, Agden and Little Bollington
Tytherington Drive/ Brocklehurst Drive	Macclesfield	Install new seats in existing shelter	Tytherington Drive/ Brocklehurst Drive

**Please note: The anticipated programme is based on indicative costs for each site and while we make every effort to keep to this programme it can be subject to change to keep within the available budget. Changes can result following detailed site surveys or from unforeseen issues that arise.**

**Examples of unforeseen issues include adverse weather, material prices, unexpected site-specific challenges, diversion of resources to repair the highway following road traffic collisions etc.**

## Traffic Signals Improvement Programme 2023-2024

Road Name	Ward	Treatment/Activity	Location
Hulley Road/Charter Way	Macclesfield Hursdfield	Replace Obsolete Controllers - Design/Construct	Junction
Lower Heath	Congleton West	Replace Obsolete Controllers - Design/Construct	Crossing Near Macclesfield Road
Peel Lane Bridge	Odd Rode	Replace Obsolete Controllers - Design/Construct	Junction
Prestbury Road	Broken Cross and Upton/Macclesfield Tytherington	Replace Obsolete Controllers - Design/Construct	Crossing Near Ashfield Drive
Prestbury Road	Broken Cross and Upton/Macclesfield Tytherington	Replace Obsolete Controllers - Design/Construct	Crossing Near West Park
Sunderland Street	Macclesfield Central	Replace Obsolete Controllers - Design/Construct	Crossing Near Waters Green
Wilmslow Road	Handforth	Replace Obsolete Controllers - Design/Construct	Crossing Near Meriton Road
Delamere Street	Crewe Central	Signal Asset Upgrades, Mid-Block Crossings - Design/Construct	Near Queensway
Water Lode	Nantwich South and Stapeley	Signal Asset Upgrades, Mid-Block Crossings - Design/Construct	Crossing Near Pillory Street Roundabout
Rood Hill	Congleton West	Replace Obsolete Controllers - Design/Construct	Between Dane Bank and Lower Heath Avenue
Biddulph Road	Congleton East	Replace Obsolete Controllers - Design/Construct	Near Fenton Close
Church Lane	Wistaston	Replace Obsolete Controllers - Design/Construct	Near Kings Drive
Coppenhall Lane	Crewe West	Replace Obsolete Controllers - Design/Construct	Near Sunnybank Road
Crewe Green Road	Crewe East	Replace Obsolete Controllers - Design/Construct	Near Springfield School
Holmes Chapel Road	Middlewich	Replace Obsolete Controllers - Design/Construct	Near Aston Way
Macclesfield Road	Congleton West	Replace Obsolete Controllers - Design/Construct	Near Jackson Road (Southbound and Northbound)
Middlewich Road	Dane Valley	Replace Obsolete Controllers - Design/Construct	Near Chester Road
Park Lane	Macclesfield Central	Replace Obsolete Controllers - Design/Construct	Near Nelson Street
Sunderland Street	Macclesfield Central	Replace Obsolete Controllers - Design/Construct	Near Brook Street
Water Lode	Nantwich South and Stapeley	Replace Obsolete Controllers - Design/Construct	Near Mill Street

### **Replace Obsolete Pedestrian Equipment**

<b>Road Name</b>	<b>Ward</b>	<b>Treatment/Activity</b>	<b>Location</b>
Borough Wide	Borough Wide	Install	Borough Wide

### **Vehicle Activated Signs Programme 2022/23**

<b>Road Name</b>	<b>Ward</b>	<b>Treatment/Activity</b>	<b>Location</b>
To be determined through analysis of annual inspection data.	Borough Wide	Investigation and replace	Borough Wide

**Please note: The anticipated programme is based on indicative costs for each site and while we make every effort to keep to this programme it can be subject to change to keep within the available budget. Changes can result following detailed site surveys or from unforeseen issues that arise.**

**Examples of unforeseen issues include adverse weather, material prices, unexpected site-specific challenges, diversion of resources to repair the highway following road traffic collisions etc.**
